FRONTEND DEVELOPER

A results-driven **frontend** developer with **3 years** of professional experience delivering user-focused and performant web applications using **modern web technologies**.

EXPERIENCE

Moresand Technologies

Jan 2025 – Present

Software Engineer II

Bengaluru, Karnataka

- Refactored a **1.7MB** monolithic JavaScript bundle into granular, page specific chunks reducing compressed bundle size by **60%**.
- Developed a robust **payment form** with card and **Google pay** support featuring input masking, dynamic validations check on client and on server, error messaging with inline tooltips.
- Integration of **Strapi CMS** with **Next.js** platform, enabling customer support to manage and publish lead generation content independently, resulting in faster campaign rollouts and reduced developer dependency.
- Built a **Supplier Panel Dashboard** to streamline supplier onboarding, including hotel mapping, supplier access management, **reducing effort by 3-5 days per supplier**.
- Built dynamic hotel whitelisting and markup controls for pricing and supply channels across **5000+** hotel entries.
- Tech Stack:** Next.js, React.js, TypeScript, JavaScript, TanStack Query, Strapi CMS, Node.js, Tailwind CSS, Ant Design

Cogoport

July 2022 – Dec 2024

Software Engineer

Gurugram, Haryana

- Created **Dashboards for KAMs** for the booking and tracking of shipment and **document record dashboards** for service ops.
- Contributed to the **priority support team**, resolving production bugs. Conducted prompt investigations and swiftly resolved critical bugs with an **average resolution time of 24 hours**.
- Contributed to the **development of internal tools** and libraries to improve the efficiency of the development process thereby minimizing code redundancy and improving performance by **10%**.
- Built real-time visualizations for monitoring **detention and demurrage charges**, streamlining the billing process and minimizing manual effort by **30%**.
- Designed configurable performance scoring dashboards, cutting setup time by **30%** and enabling tailored evaluation for sales teams.
- Contributed to enhanced **accessibility**, optimized web performance, and **reduced deployment time** to deliver a superior user experience.
- Spearheaded the migration of legacy code to modern React architecture, increasing application **performance and scalability by 50%**.
- Mentored a team, focusing on developing their skills in frontend development building enhanced web applications.
- Tech Stack:** React.js, Next.js, TypeScript, JavaScript, Redux, Webpack, Progressive Web Applications (PWA), Styled Components, SEO, RESTful APIs

SKILLS

- Technical Skills** - React.js, Next.js, JavaScript, TypeScript, Tailwind CSS, Strapi, React Query, Redux, HTML, CSS
- Domain Skills** - SEO, Axios, RESTful APIs, Cross-Browser Compatibility, Design Sense, Web Accessibility, CMS
- Tools** - Visual Studio Code, Figma, Git, Postman, Jira, Chrome Dev Tools, Webpack, Vite, PostgreSQL
- Languages** - JavaScript, TypeScript, C++, C, Ruby, Java
- Soft Skills** - Communication, Leadership, Critical Thinking, Time Management, Problem Solving

EDUCATION

National Institute of Technology, Uttarakhand

2018 – 2022

B.Tech in Electronics and Communication Engineering

Srinagar Garhwal, Uttarakhand

PROJECTS

Portfolio Website | [React](#), [JavaScript](#), [CSS](#)

- Created a responsive portfolio website showcasing experience, projects and more.
